Week of September 13th - October 18th

Enemies of the Heart by Andy Stanley

Have you ever been told that you have a heart problem? Not an irregular heartbeat, or bad valve, or something like that – no, I'm talking about a different kind of heart. I'm talking about that immaterial part of you that makes up who you are. Have you ever been told that you have a problem with that heart? Or more directly put, do you ever struggle with guilt, or anger, or greed, or jealousy?

You see, emotions like those, they can overwhelm our hearts, and undermine our relationships, and cause us to miss out on God's best in our lives. But here's the good news, emotions like those, they don't have to rule our hearts.

In this small group series we will explore together what Jesus had to say about our hearts and what we can do to break free from the emotions that seek to control them.

This church-wide study is based off of the book by Andy Stanley. Our groups & sermon series will expand on the content of this book, however, this book is not required for our groups. If you would like to purchase the book, please follow the link [here](#).
